Chatham, ON, CANADA and Toronto, ON, CANADA (September 13, 2022) – PomeGran Inc., a leading owner and operator of fibre and fixed wireless rural broadband networks across Canada, under the brands of IceNet Wireless, CochraneTel, Digicom and Canquest Communications, is pleased to announce that Canquest Communications has been named the 2022 Internet Service Provider (“ISP”) Platinum Winner by CommunityVotes Chatham-Kent 2022, beating out larger well-known regional and national ISPs.

This year's campaign hosted thousands of nominations and votes cast by residents of the county of Chatham-Kent. An astounding number of businesses and people were nominated, but only the top 10 nominees in each category moved on to voting.

“Our Team goal at Canquest is to provide quality services to our customers at a reasonable price, and exceptional customer care. Winning this award has proven that we are reaching our goals,” said Nicole Mihalco, Director of Operations, Canquest Communications.

“We are very proud of our Canquest team for being recognized by the community for their exceptional customer service,” said Kalai S. Kalaichelvan, CEO of Canquest Communications and Chairman of PomeGran Inc. “In this marketplace, we are showing that locally operated ISPs with an extreme focus on customer service and satisfaction are the key to building and growing our businesses, and we want to thank Nicole and her team for this well-deserved recognition,” he concluded.
